The Mentor must therefore enthuse the Mentee with what will come next and help him map out his route for the next steps on his Masonic journey.

As laid down by the "Support" and "Learning and Development" elements of the Members' Pathway, this stage is aimed at providing the new Master Mason with an understanding of the Third Degree, maintaining his interest in Freemasonry, further developing his Masonic Knowledge and encouraging his active involvement in the Lodge and Freemasonry in general.

## 5. Preparing for Office

***Lodge Mentor - Members' Pathway Key MENTOR – "Development"***

This stage should consolidate the learning in Stage 4 and covers the period leading up to his first office in the Lodge and being appointed to that office. As such, the aim is to get the Member used to "performing" and participating in ceremonies so that taking office will hold no fears for him. It is directed at maintaining his interest in Freemasonry and preparing him to take office in the Lodge and participate in the management of the Lodge.

## 6. Preparing for the Chair

***Lodge Mentor - Members' Pathway Key MENTOR – "Development"***

This phase should commence when the Member is appointed as Junior Warden and close upon his Installation in the Chair of King Solomon. It is aimed at preparing the Member for the role of Worshipful Master of the Lodge and teaching him the various elements that will contribute to a successful year in Office. On Rosetta, the MetMentoring Team has a Web-Presentation entitled "Masters Elect and Wardens" that can be downloaded and watched as many times as the Mentee desires. It provides a lot of essential information for the incoming WM not found in the Ritual Book.

## 7. Preparing for After the Chair

***Lodge Mentor - Members' Pathway Key MENTOR – "Development"***

***Almoner - Members' Pathway Key ALMONER – "Retrieve"***

This highly important stage should commence as soon as the Member has been installed as WM. Failure to successfully undertake this stage could see him resigning from the Lodge shortly after becoming IPM. The Mentor needs to bear in mind that he has less than a year to prepare the Member for departing the Chair and the sense of loss that this often engenders in the Immediate Past Master. This stage only closes when the Lodge Mentor is entirely satisfied that the Member is fully committed to the next part of his Masonic Journey.

The Lodge Mentor must therefore ensure that the WM fully understands and is committed to the next stage of his Masonic Journey. This may include:-

a) Taking up a non-progressive Office in the Lodge.
b) Joining a Past Masters Lodge.
c) Participating in MetGL activities.

As a PM, especially in a large lodge, where the opportunity to take on a non progressive office can be few, the lodge could consider appointing Assistants to the Charity Steward, Almoner and maybe even Treasurer - this would help succession planning as well as keeping the PM involved. You could also consider utilising the office of Assistant Secretary and Senior Steward / Dining Secretary. This will also aid succession planning by giving potential successors a chance to become familiar with the main Office and all it entails.

If the WM seeks to achieve MetGL Honours then the Lodge Mentor needs to ensure that a suitably qualified Personal Mentor is appointed to advise, support and encourage the Past Master so that he can be the best that he can be.
