Key Message: Strong Progress But Much Remains To Do

- We must continue to translate the Membership Challenge into something meaningful at Lodge and Chapter Level in all Provinces & Districts
- Many have improved their Challenge, but some have seen theirs increase
- This is not going to be a linear journey!
- Full and consistent use of Building Together across all Provinces

Our Lodges

Our Chapters

Our Future

BUILDING TOGETHER

Attracting Members – Growing Freemasonry

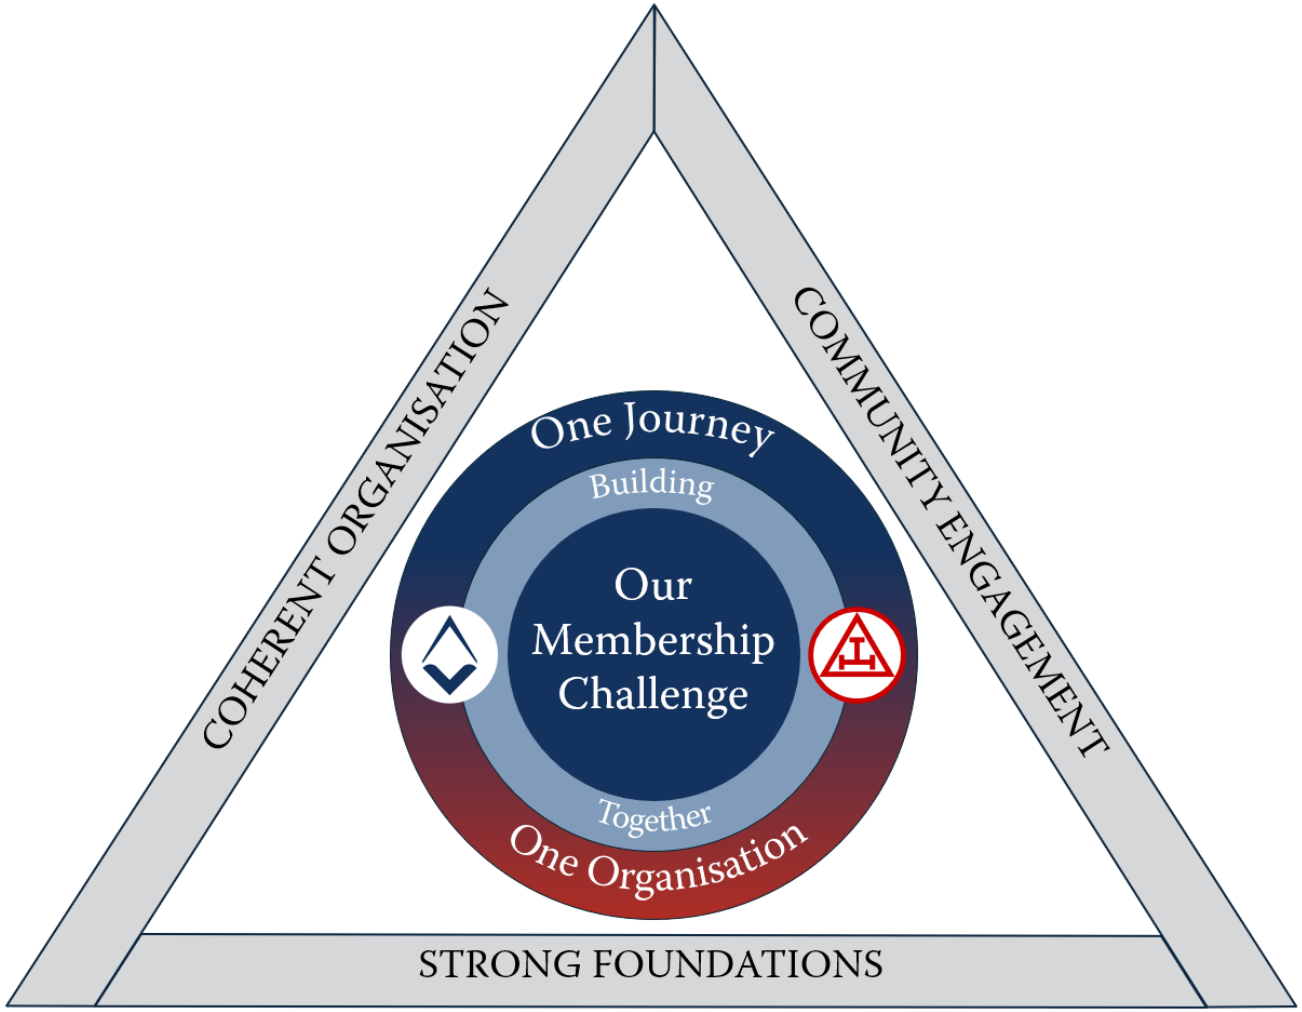

Essential Messages For Our Members

- We are very close to achieving growth overall
- This is something that we can influence
- If each initiating Lodge brings in at least two and preferably three new members per annum
- ***AND*** if each initiating Lodge loses only one member per annum
- We grow strongly
- We must all play our part

We Must Retain and Strengthen Our Laser Focus on the Membership Challenge

We are managing growth, not decline

Thank You

Matt Hampson

Q&A

A Message from the Grand Master

“Very pleasing progress- but challenges remain”

“Progress is a tribute to all your and your team’s hard work and, of course, of our members”

“Marathon, not a sprint - requiring resilience”

Wishing everyone a safe journey home, please return your name badges at reception
